1908 Lacks Team Play.— Waltham Well Trained.—Two Thousand Watch Game.

The Sophomore football team was defeated by the Waltham High School team in Waltham, Saturday afternoon, by a score of 22 to 0. The Sophomores played a plucky, consistent game, but lost because of their opponents' better training and better team work. A squad of twenty-two men was taken out by Captain Glover, and Coach Ball gave every man his turn.

White, of Waltham, made three touchdowns, running twice from the forty-yard line. After he got started, no one seemed able to touch him.

The Sophomore team has material which should improve with training; most of the men appear to be hard players. Coach Ball thought that if the team had kept to their instructed style of play more closely, the outcome would have been different.

The occasion was made a citizens' testimonial to the Waltham team and coach, in recognition of the work that has been done this year. The Waltham team has already won four games. Nearly two thousand people were present today.

The line up was as follows:

1908.	WALTHAM.

CHESS CLUB.

The Chess Club held a meeting on Saturday at 1 o'clock in 11 Rogers. The purpose of the meeting was to organize for the year, and to that end a constitution was adopted and a new set of officers nominated.

A committee was appointed to investigate the advisability of joining the Metropolitan Chess League.

Voting for the officers will be done this Saturday, the date set for the next meeting. The men nominated were: President, Swett '07, Vice-President, Henius '06; Secretary, F. W. Morrill '07, Lyon '08. Members of the Executive Committee: Lourie, '06, Morey '06, Banash '06, A. B. Morrill '09, and Newton '06.

A Harvard graduate has given to Yale $10,000. It was given to be used to bring Harvard professors to Yale for lecture work, in order to bring about a closer friendship between the institutions.

SOPHOMORE DINNER.

Fine Class Spirit.—Talk by President Pritchett.—The New Officers.

One hundred and sixty men attended the annual dinner of the Sophomore Class at the Union, Saturday evening. The best of feeling was shown, and it was one of the most successful class dinners ever held. Messrs. Blackstein and Burrison were the guests. President McGuigan acted as Toastmaster.

Mr. Blackstein told a few humorous stories. Mr. Burrison urged the need of social gatherings and strong class organization, and cited several personal experiences which proved his point. He ended by expressing a wish that that the future would be illustrious for 1908.

A letter from Mr. Rand was read in which he expressed his regret that he could not be present at the dinner. He urged the men to go out for the class teams, and closed his letter with the toast "Here's to 1908; may she win Field Day."

F. H. McGuigan, in his speech as retiring president, urged also the great need of a strong class organization and the great good that is done when a class heartily supports its teams.

At this point Mr. Rand arrived and was loudly cheered. He gave one of his inimitable talks. He said that often when he had sat in his two by nine office all summer and had received no calls from students, he realized what it meant to have the fellows around. He again appealed to the men to go out for the class teams and also for the 'varsity teams.

In the midst of Mr. Rand's talk, President Pritchett also arrived, and later told of the German and English Universities he visited this last summer.

The other speakers were W. E. Weinz, H. Webb, W. A. Adams, and A. Ellis.

The result of the class elections held last week were announced as follows: President, W. E. Weinz; Vice-President, A. Heath; Secretary, H. Webb; Treasurer, W. A. Adams; Executive Committee, F. J. Friedman and B. L. Gimson; Institute Committee, G. Glover and H. A. Rapelye.

FIRST GLEE CLUB TRIALS.

About twenty-six men turned up for the Glee Club trials on Saturday at the Tech Union. Of the twenty-six, twelve were retained for a second try-out. Six out of the twelve were from 1909.

The general opinion of the Glee Club management was that there should have been more competition than this for places on the club. Especially from 1909 did they expect more help, for the new men have not previously been tried out, and the six men provisionally accepted certainly do not represent the entire talent of the class.

(Continued on Page 4)

FIELD DAY PROSPECTS.

1909's Chances.—Enthusiasm in Class Meeting Alone Does Not Win Field Day.

With Field Day for 1905 only a month away, and one-third of the practice time already past, the question of the outcome has become a topic of interest. The Sophomores are fairly well known, but as to the Freshmen, all is speculation.

So far, only the football team is out for practice, therefore nothing can be said about the relay race and the tug-of-war. It can be said, however, that if the Freshmen want to make a creditable showing in the football game with the Sophs, they must take a big brace and that very soon. The first cause for complaint is the small squad. No coach can make a successful team out of a small squad. There must be keen competition for every position and at least enough men to make up two teams. So far the men out for the line positions are light and the whole squad seems to lack the spirit of fight and readiness that is essential to a successful team.

What the squad needs most is the co-operation of the whole class. The class is perfectly ready to respond to a call for a meeting in Huntington Hall and to cheer heartily for 1909, but this will not make a football team. A football team is only to be made in one way, viz: First, all who are able to play come out in football togs; Second, those who are not players come out and cheer on the teams at every practice, making them feel that the class is behind them to a man. This cheering at practice is what puts snap and vigor into a team. Many and many a tired player, felt a new spring in his muscles when his name was called out by his classmates. Practice must have the semblance of a game if it is to be good practice. Men cannot go on day after day without encouragement.

The candidates who have reported for 1909 so far are: Finney, Godfrey, Fletcher,C., Wentworth, Whitney, Critchett, Pope, Leeder, Fletcher, M., Kelley, Hunt, Sharp, Laird, Foster, Bennet, Hooper, Eaton, Sherman, Cook, Black.

The Tug-of-War Team is called out for practice today at 4.30. It is hoped that there will be a hearty response. The team consists of 25 men and at least 50 men are needed for good practice. Really there there should be 75 men out. A better team can be chosen from 75 men.

All who intend to try for the Relay Team should report for fall track practice at once and get the advantage of the coaching.

Whoop-er-up 1909, and make Field Day 1905 the best yet.

With accommodations for 200 more seats, making 1400 in all, the Memorial Hall at Harvard becomes one of the biggest restaurants in the country.

The student bulletin board in the back of Rogers undoubtedly contains many notices which are no longer of value. Confusion would be avoided if each man removed his own notices as soon as their purpose had been fulfilled, or if they became out-of-date and useless.

The men of the underclasses seem to have made a start (fortunately not more than a start) in decorating private property with their class numerals. The practice may be allowable in colleges situated in small towns, but in a city it is clearly inadvisable that such a custom be inaugurated. Class spirit can be much more truly shown in an athletic contest.

The Civic Club.

None of the undergraduate societies are more deserving of support than the Civic Club. This organization was founded last year with the idea of giving an opportunity for discussing questions of a civic nature, with which not only all Tech men will have general dealings, but which must directly concern many of our graduates. Informal debating has become an added feature of interest and value. The meeting of the club to be held tomorrow evening at the Union, will afford an excellent opportunity for those who are interested to learn more of the organization, and to become members and share in its benefits.

The following obituary notice was sent to THE TECH for this issue:

FRANKLIN HAYES DAVIS,

Superintendent of the Armor plate department of the Midvale Steel Works and one of the most prominent experts in his line in this country, died suddenly of heart disease Thursday night, June 22, at the home of John B. Stephenson, Great Barrington, Mass. Mr. Davis had been in poor health for some time, and two weeks before went to Massachusetts for a short vacation.

Mr. Davis was the son of John H. Davis, of Wayne, Pa. He was born in Albany, N. Y., and received his early education in the schools of Philadelphia and graduated from the Central High School. In 1896 he graduated from the Massachnsetts Institute of Technology and the same year was appointed assistant inspector of ordnance for the United States Government at the Midvale Steel Works. He held this position until two years ago, when the armor plate department was organized. On account of his high standing in his profession he was given charge of this department and by hard work soon rose to be an expert. Too hard work and too clese concentration to his duties brought on poor health.

Mr. Davis's death was sudden and was attributed to heart disease, brought on by previous overwork.

C. E. SMOKER.

The first of the Course Society Smokers this year is to be that given by Course I on Wednesday evening, Oct. 11, at 7.30 at the Tech Union.

Professors Swain, Allen and Porter having consented to talk. Admission to this smoker is free.

All Course I and Course XI men are cordially invited, particularly Sophomores and Juniors.

1909 CLASS MEETING.

The second class meeting of 1909 took place Friday at 1 o'clock in Huntington Hall.

The resignations of M. Belcher, manager of the Football Team, and H. A. Bennett, of the Tug-of-War Team, necessiated elections for those offices. O. Laird was elected for the football manager, and G. Tuckerman was chosen manager of the Tug-of-War Team.

The following five men were appointed as a committee to form a constitution for the freshman class: King, K. D. Godfrey, Bachelder, Bundy and Moses. The President asks that the above committee meet him in Rogers library at 1 P.M. today.

President Scharff told the class what to do in case of victory on November 11, and what might be expected from the Sophomores Practice in cheering ended the meeting.

FIRST GLEE CLUB TRIALS.

(Continued from page 1).

Some of the voices tried on Saturday were pronounced to be good, some only passable.

However, this trial is not final. On Tuesday at 4 P.M., at the Tech Union, another trial will be held, and at this are expected not only those who were picked out as good enough, but any new men who had not been able to get to the trials on Saturday. The management wishes it particularly stated that all classes are on an equal footing and that Freshmen have the same chance as upperclassmen.

All former members of the club are also wanted on Tuesday afternoon at the Union,—but at three o'clock, one hour earlier. These men are the chief dependence especially now while the organization of the club is being effected. Those who were accepted Saturday are: Noyes '07, Shipman '06, Puhl '07, Ludington '08, Bender '08, Blood '09, Jenkins, '09, Bouce, '09, White, '09; Steven '09, Bullens '08.

HARE AND HOUNDS.

The second Hare and Hound Chase of the season was held from the Hyde Park Y.M.C.A. on Saturday.

This run was a record-breaker, sixty-three men taking part.

An excellent trail of six miles was laid by L. S. Meyers '06, and O. A. Starkweather '07, through Milton and part of the Blue Hills Reservation. The bags were left near Paul's Bridge, where W. R. Tompson '07, and L. Allen '07, were ahead.

The order of finishing was: 1, C. W. Beam '07; 2, D. Adams '06; 3, W. R. Tompson '07; 4, T. J. Clapp, '06; 5, B. Gimson, '08; 6, C. A. Howard, '06.

The shower baths and swimming tank at the Y.M.C.A. and the special car on the train were greatly enjoyed by all.

The next run will be on Saturday, Oct. 14, from Wakefield. The train will leave the North Station, track 7, at 2.15. Round trip fare 25 cents.

John A. Storer Cobb of Boston recently gave a house and grounds on the brow of a hill overlooking Paradise Pond to Smith College to be used as a retreat for students requiring rest as a result of overwork.
